## A New Park Awaits You At Friendly Acres

With new ownership, our family-run campground welcomes you and your family. We take pride in keeping up with the latest technology and facilities within the park. As of 2017, all infrastructure has been redeveloped to provide quality services for years to come.

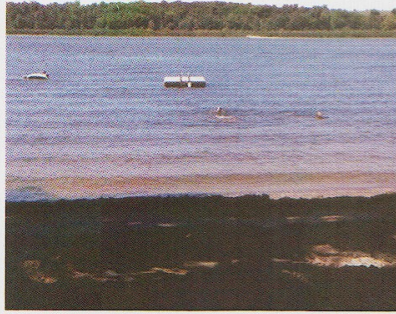

All sites within the park have been updated with new electrical, sewer lines, and water system to ensure safe drinking water. The electrical updates provide customers with 30-amp hydro at each site with new individual digital meters for easy meter readings; each customer pays for the electricity they use during the season.

### Docks

In 2016, some floating docks were updated, which will provide you and your family hours of family fun on the Trent-Severn Waterway. The Hastings Locks are 15 minutes to the West of us and the Healey Falls is approximately 25 minutes to the East of us. This exciting area provides optimal opportunities for boating and fishing. With Hastings being awarded “Canada’s Ultimate Fishing Town”, the water-front of Friendly Acres Park allows you to experience some of the best fishing in the country.

## Waterfront Beach And Pool Area

If you like swimming in the lake, our beach is second to none with a natural lay towards the West, the sunsets are amazing.

You also have the opportunity to swim in a safe 20 x 40 foot commercial sized pool with a large lounging area to relax. The pool was updated in the spring of 2016 with safety in mind. Both ends of the pool were resurfaced with an updated water line and drain to ensure quality water. If you prefer to get out of the sun, we also updated the shelter area adjacent to the pool so you can relax and watch as your friends and family enjoy their swim.
